

Dr. Alice Christie's 6C Model for Evaluating Apps

| | | | | | |
|---|----------------------|-------------|-----------------|-------------|-----------|
| Name of App: | Purpose of App: | | | | |
| Cost of App: | Curricular Alignment | | | | |
| To what extent does this mobile app enable students and/or teachers to create, connect, communicate, collaborate, contextualize, or critique? | | | | | |
| Attribute | A Great Deal | Some | A Little | None | NA |
| Create | | | | | |
| Connect | | | | | |
| Communicate | | | | | |
| Collaborate | | | | | |
| Contextualize | | | | | |
| Critique | | | | | |
| How will I use this app in my classroom? | | | | | |

Note: An app's rubric score is very dependent on the intended purpose and student needs. The score you give an app will differ from how others score the app.
